

# Your household resilience story starts here

Choose a challenge from **one of the rich-poor zones** of the gameboard and record it here:

CHALLENGE:

## 1 your alliance

Got some brilliant ideas about what your organizations can do? Capture them here:

1a What kind of organization?

---

1b What will it do?

---

---

2a What kind of organization?

---

2b What will it do?

---

---

3a What kind of organization?

---

3b What will it do?

---

---

## 2 your household goals

Spell out your goals for up to 3 households here:

1 \_\_\_\_\_

---

---

---

2 \_\_\_\_\_

---

---

---

3 \_\_\_\_\_

---

---

Multiply the number of households x 20 =

**BONUS POINTS**

If you choose households across 3 or more zones, multiply by 50

## 3 your critical balances

Choose 1 or more balance cards and jot down your insights about how you can use a shifting balance to increase household resilience:

Circle 1-3 balances

1 \_\_\_\_\_

---

---

---

2 \_\_\_\_\_

---

---

---

3 \_\_\_\_\_

---

---

Multiply the number of balances x 30 =

**BONUS POINTS**

## 4 your foresight signals

List up to 3 foresight signals here:

1 \_\_\_\_\_

---

---

---

2 \_\_\_\_\_

---

---

---

3 \_\_\_\_\_

---

---

Multiply the number of signals x 40 =

**BONUS POINTS**

headline

In 20 words or less, tell how the world of 2021 is different because of your alliance:

Four horizontal lines for writing the headline.

the winning resilience strategy

What was your challenge-busting strategy? Give us the bulletpoints:

What 5 things stand out about your story and make the world want to emulate your alliance?

Five bullet points, each with a right-pointing chevron and two horizontal lines for text.

how did everyone win?

Tell us how:

> your alliance used the challenge to create wins for themselves

> your household(s) reached the goal(s) you set

Most importantly, tell us how the world is a more resilient place because of it!

Four horizontal lines for writing the answers to the 'how did everyone win?' section.

Tally your storytelling score!

Add up all your bonus points from side 1.

Then add 10 points =

A large empty rectangular box for calculating the total score.
